Quality Safety Edge

Global Leader in Customized Solutions

Quality Safety Edge (QSE) offers a value proposition that other performance improvement companies cannot. Their team of experienced consultants work collaboratively with you to design customized performance improvement system that integrate into your organization's unique operational environment and culture.

The QSE team of experienced consultants are experts in applying behavioral technology from a systems perspective – ensuring key behaviors at all organizational levels are occurring consistently. Their systems are designed using proven behavioral technology to engage employees, develop leaders, and create cultures which align with your goals. QSE consultants work with you to clearly define your goals and the critical activities at each level of your organization needed to achieve those goals. The QSE/client team then creates systems to ensure these critical performances are occurring consistently. OSE's customized solutions are built for sustainability.

The Quality Safety Edge team of consultants has been recognized globally for their integrity and commitment to collaborative partnerships with their clients, particularly for their proprietary behavior-based safety process, Values-Based Safety. With thousands of implementations worldwide, in almost every type and size of business and industry, QSE consultants are known for the depth and breadth of their problem-solving skills and their ability to create customized, sustainable safety and performance improvement solutions adapted to significant differences in management style and social structures throughout the world.

International Reach

A global economy is no longer a future vision, but a reality and a necessity. However, doing business internationally requires much more than mutual commerce; it requires in-depth customer knowledge. With 30 years' experience, Quality Safety Edge has developed customized solutions for clients in 27 countries.

Not only is QSE's ability to work with different cultures and languages a key factor in our clients' decisions in choosing us to help them meet their goals, but our clients are delighted that we customize our solutions to their local culture, business, and industry. In short, we come in as partners. We work collaboratively with our clients to customize solutions around your management style, your company culture, and your unique goals.

Industries We Have Worked In

- And many others!

The Mining Group

Quality Safety Edge's Mining Group has many years of experience implementing behavioral solutions in diverse mining operations. From the Arctic to the tip of Peru, our consultants have created award-winning safety cultures across the globe.

Many of our consultants are natives of South and Central America and are fluent in Spanish, Portuguese, and English. Their diverse experience provides them with insights into many types of mining operations, the culture of the countries in which they are located, and a deep understanding of the people who do the work.
